We are Looking for Sponsors!

Would you or your organization like to be listed in the program brochure and on our website for the Symposium as *Sponsors*? We would *love* for you to do so. Any organization in accord with our cause (Health, Prosperity, and Leadership) may become a sponsor. There are different levels of sponsorship.

Top Sponsors are those who support us at the highest level. They

- get a full page ad in our program guide given to all participants,
- can provide a small token or item or coupon to be given to each preregistered attendee,
- get listed on our web page at the top of the sponsor page,
- are introduced and thanked at the Saturday evening banquet,
- get a special "promo code" which gives a discount (up to \$75) to anyone using the code.

The fee for sponsorship is \$300. Please note that in 2018 we will not be having a formal silk road, though anyone is free to put items of information or sales out on the tables around the conference center room.

Supporting Organizations are the second level of support. They

- get a mention (logo, name & contact info) in the program guide,
- are introduced and thanked at the Friday evening meal,
- get listed on this website as Supporting Organizations.
- get a special "promo code" which gives a discount (up to \$75) to anyone using the code.

The fee for a supporting organization is \$100.

The deadline to apply for any of these levels of sponsorship is **August 15, 2018.**

Hosts

The Symposium for Integrative Health, Tai Chi, & Qigong event is primarily hosted by two organizations: [Asklepios](#) and [Taijiquan Enthusiasts Organization](#). Both organizations are programs of [HPL 501c3 Institute](#), an umbrella organization dedicated to helping small groups and non-profits enable people to achieve Health, attain Prosperity, and develop Leadership.

[Asklepios](#) is a group of researchers dedicated to ensuring rigorous and scientific methods are applied to research on integrative healthcare studies such as Tai chi, Qigong, Massage Therapy, Yoga, Pilates, Meditation, Lifestyle Change, Nutrition, etc. They publish research agendas in the integrative healthcare space, support research projects, conferences, journals, and other publications dedicated to spreading factual and proven information about integrative therapies while dispelling and discouraging non-reproducible and non-testable therapies such as gurus and faith healing.

[Taijiquan Enthusiasts Organization](#) is an open society of Taijiquan enthusiasts dedicated to practicing Taijiquan (also known as T'ai Chi Ch'uan, Tai Chi, or just Taiji). Tai Chi includes three pillars of Internal Martial Arts Practice: Form, Qigong, and Push Hands. Taijiquan is an ancient Chinese martial art known for its health benefits as well as being functional for self defense. Our mission is to share the benefits of Taijiquan.

Remember that the opportunity to sponsor goes away on **August 15, 2018**.
